

Introductory Offer

Mesa Country Club invites you to consider membership. And to make the evaluation easy for you, we've developed the Introductory Offer (Regular Member-Installment Plan), which allows you to pre-pay one year of dues and, in exchange, forgo the typically required \$5,500 membership Initiation Fee. It's that simple.

Come in, enjoy the club for a year, and if we feel like the right place for you and your family, you may convert to Equity Membership with the purchase of the stock certificate (currently \$500).

During the 12 month period, your privileges include full access to all amenities Mesa Country Club has to offer, including:

Golf • Tennis • Fitness • Dining • Social Events • Charging Privileges • Locker Services

In order to join the Introductory Offer, a one-time payment of \$7,200 is made to the capital fund of Mesa Country Club. A yearly \$950 food and beverage minimum will apply. At the conclusion of the 12 month period, you have the option to convert to an Equity Membership with the purchase of the required stock certificate (currently \$500).

To learn more about the Introductory membership program or to arrange a personal tour, contact Chris Jones at chris@mesacountryclub.com or 480-397-9001.

Fun, Friends & Fast Play. 70 Years in the Making.

Please note that the Introductory Offer is technically considered the Regular Membership Installment Plan. Applicants are encouraged to refer to the Club By-Laws for the definitions, duties, and privileges for Equity Members. Furthermore, please note that all details of membership are not practical to include in all marketing materials and, in some cases, marketing language is used in place of technical verbiage. Consult the Club By-Laws for full details.
